

RE: DISCOUNT AIRLINES: REPORT FOR NOTICE TO MDAS

At pages 976 - 977 is a letter from the Federal Ministry of Finance disclosing that the Efficiency unit of the Ministry has negotiated and secured discounts ranging between 5 and 50% with a number of local and international airlines with a potential savings of N5billion per annum to the Federal Government.

2. To this end, the Ministry is therefore requesting the SGF to issue a service wide circular to all Ministries, Departments and Agencies advising them to take advantage of the discounts.

3. In the light of the foregoing, a draft circular in that regard is placed at back cover of file for consideration and issuance.

4. Submitted please.
