Headquartered in Lagos, with office in Maitama, Abuja, we have evolved over the period of 11 years in the IT Industry to become a technology strategy solutions provider of choice with numerous local and international recognitions. IPI Solutions Nigeria Limited becomes the first member of Technology Service Industry Association in the west African Sub-region, due to our efficient and effective professional delivery of technology to enable and empower people and process to achieve more.

In line with the mandate of the Office of the Secretary to the Government of the Federation, SGF: Monitor and Coordinate the implementation of Government Policies and Programmes; Serve as frontline advisory institution of the Presidency; Drive Policy formulation, harmonization, and implementation; and Monitor institutions of governance, we believe technology solution will go a long way in ensuring effective delivery of the mandate for the ministries, departments and agencies under the Office of the SGF.

Comprehensive and strategic technology implementation, around the key areas of focus and priorities of the government will enthrone transparency, accountability and help to strengthen policy formulation, monitor institutional performance and delivery of effective public service. Adopting digitalization of the process in an orderly, coordinated manner will ensure the Office of the SGF have visibility in the way the team, within the SGF office are to function effectively, carry on with their responsibilities as it connects to government programs and policies for the delivery of the public good.

PERMANENT SECRETARY

We at IPI Solutions Nigeria Limited therefore, request to partner with the office of the SGF at strategic level for us to leverage on technology platform and implementations according to the mission and vision of the current leadership of the SGF.

At IPI Solutions Nigeria Limited, our mission over the years is to shape the future that works for all of us, by putting people first and empowering them with the right technology tools to get more done and achieve more. This single missionary objective has taken us so much into using technology to make people better at what they do. It earned us listing at the Silicon Review Magazine, Silicon Valley, CIO Review Magazine, Fremont, California, The Mirror Magazine, UK, Membership of European Business Assembly, UK and World Confederation of Businesses, Texas, U.S.A.

In addition to that, we are awarded by numerous local organizations in Nigeria and Africa. As a private sector focused organization, we have built competency and capacity with our partner OEM's notably, Microsoft and Oracle and we have now commenced building massive indigenous software platform for Nigeria, by Nigerians.

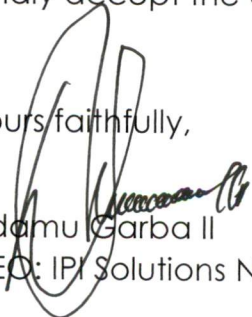

We are also in the process of getting into strategic partnership with Galaxy Backbone Limited to help further strengthen the institution as a valuable revenue generating agency for both public and private businesses, while spreading professionalism and efficiency within the public sector of Nigeria.

We therefore, pray for the support, cooperation and coordination of this strategic objective through the respectful office of the SGF under your able leadership, Sir.

As a wholly own Nigerian company by Nigerians, with 48 staff capacity, young and talented and innovative professionals, we look forward to your partnership and confidence for us to leverage on technology in aiding your able office to deliver its mandate.

Kindly accept the assurances of our highest regards, Sir.

Yours faithfully,

Adamu Garba II
CEO: IPI Solutions Nigeria Limited
